Climate change impacts on access to healthy food

A healthy, nutritious diet is essential for:

Healthy growth and development in children Good physical and mental health and well-being
Preventing obesity, cardiovascular disease and cancer

Food is essential for life

Healthy eating is already a public health priority in Wales

卷之三

51% of adults are overweight or obese
27% of children aged 4 to 5 years are overweight or obese

25% of people eat the recommended five portions of fruit or vegetables a day

More action is needed to develop resilient food systems to protect health in Wales in response to climate change

- More investigation and improved data are needed to plan for present and future climate risks to food systems to ensure vulnerable groups are protected and the impacts to health are minimised.
 - Food security for health and wellbeing can only be achieved by a wide range of sectors including health, environment, government, civil society, farmers, trade and food producers / retailers working together.

Changes to how we eat can promote health and help the planet:

- Eating less meat and dairy products
- Eating more fruit, vegetables and legumes
- Cutting down on food waste

Our planet is essential for food

Climate change is likely to impact on access to healthy food in Wales in a number of ways:

Extreme weather can disrupt food production and supply in the UK and internationally, leading to food price spikes in the UK

Increased risk of pests, invasive species and diseases impact on crop yields and livestock health

Higher water temperatures and ocean acidification impact on the availability of fish

Effeithiau'r newid yn yr hinsawdd ar fynediad at fwyd iach

Mae deuet iach, maethlon yn hanfodol ar gyfer:

Twf a datblygiad iach ymysg plant	Iechyd a lliesiant da yn gorfforol ac yn feddylol	Atal gordewdra, clefyd cardiofagwlaidd a chanser

Mae bwyd yn hanfodol i fywyd

Gall newid y Ffordd rydym yn bwyta hybu iechyd a helpu'r blaned:

Bwyta llai o gig a chynnrych ll aesthet	Bwyta mwy o ffrwythau, llysiau a choedysiau	Lleihau gwastraff bwyd

Mae bwyd yn hanfodol i fywyd

Mae bwyta'n iach eisoes yn un o flaenoraiethau iechyd y cyhoedd yng Nghymru oherwydd:

mae 61% o oedolion dros eu pwysau neu'n ordew mae 27% o blant 4 i 5 oed dros eu pwysau neu'n ordew mae 25% o boblyn bwyta pum dogn o ffrwythau neu llysiau y dydd

Mae angen mwy o ymchwil a gwell data er mwyn gallu cynllunio ar gyfer y risglau'n gysylltiedig â'r hinsawdd i systemau bwyd nawr acyn y dyfodol er mwyn diogelu grwpiau sy'n agored i niwed a lleihau'r effeithiau ar iechyd.

Canneth Gwyntiadael Safleoedd Iechyd y Byd ar Fuddoeddol a safle Bachod a Llesiant

Roedd tlodi a chost bwyd eisoes yn un o'r rhwystrau i ddieiet iach yng Nghymru cyn 2020:

Roedd lefel sicrwydd bwyd 10% o garrefi yn isel neu'n isel iawn ac roedd sicrwydd bwyd 10% arall yn wan

Roedd teuluuedd â phlant o dan 16 oed yn llai tebygol o gael lefel uchel o sicrwydd bwyd

Byddai'n rhaid i deuluuedd incwm isel wario 42% o'u hincwm ar ôl costau tai ar fwyd er mwyn gallu talu costau'r canllawiau bwyta'n iach

Mae angen mwy o ymchwil a gwell data er mwyn gallu cynllunio ar gyfer y risglau'n gysylltiedig â'r hinsawdd i systemau bwyd nawr acyn y dyfodol er mwyn diogelu grwpiau sy'n agored i niwed a lleihau'r effeithiau ar iechyd.

Canneth Gwyntiadael Safleoedd Iechyd y Byd ar Fuddoeddol a safle Bachod a Llesiant

Mae ein planed yn hanfodol i gynhyrchu bwyd

Mae'r newid yn yr hinsawdd yn debygol o effeithio ar fynediad at Fwyd iach yng Nghymru mewn nifer o ffyrdd:

Gall bwydd eithafol darfu ar gynhyrchiant a chyflenniad bwyd yn y DU ac yn rhwngwladol, gan arwain at gynnnydd sylweddol mewn prisiau bwyd yn y DU

Gall yrisg cyrddol o blaù, rhywogaethau goresgyntol a chlefydau effeithio ar gnydau ac iechyd da byw

Gall ansawdd pridd gwael a llai o ddŵr effeithio ar gnydau

Canneth Gwyntiadael Safleoedd Iechyd y Byd ar Fuddoeddol a safle Bachod a Llesiant

Mae bwyd iechyd yn yr hinsawdd

Mae angen cymryd rhagor o gamau er mwyn datblygu systemau bwyd cadarn sy'n diogelu iechyd yng Nghymru mewn ymateb i'r newid yn yr hinsawdd

- Mae angen mwy o ymchwil a gwell data er mwyn gallu cynllunio ar gyfer y risglau'n gysylltiedig â'r hinsawdd i systemau bwyd nawr acyn y dyfodol er mwyn diogelu grwpiau sy'n agored i niwed a lleihau'r effeithiau ar iechyd.
- Dim ond wrth iystod eang o sectorau gan gynnwys iechyd, yr amgylchedd, llywodraeth, symdeithas sifil, ffermwyr, cymhrychwyr / manwerthwyr mäsnoch a bwyd gydweithio y gellir diogelu'r cyflenwad bwyd ar gyfer iechyd a llesiant.

Air Quality

- In Wales each year, the equivalent of around 1,604 deaths are attributed to particulate matter exposure and 1,108 deaths to nitrogen dioxide exposure (Public Health Wales, 2018)
- Air pollution concentrations are highest in 'most' deprived areas in Wales (Brunt et al. 2017)
- 8% of adults in Wales have a long-term respiratory illness (StatsWales 2021)

Fy mherthynas gyda'r amgylchedd naturiol:

- 1) Cymerwch rai munudau i fyfyrion dawel
- 2) Bydd yr hwylusydd yn rhannu plot stori a chwestiwn.
- 3) Bydd pob person yn rhannu stori am beth sydd wedi llunio eu perthynas â natur
- 4) Neilltuir 'clust' i bob person a fydd yn rhoi sylw arbennig iddo.
- 5) Unwaith y bydd pob person wedi adrodd ei stori, bydd pob person fel 'clust' yn ailadrodd stori person arall.
- 6) Yn olaf, myfyriwch fel grŵp ar sut deimlaid oedd hyn.

My relationship with the natural environment:

- 1) Take a few minutes to quietly reflect
- 2) Facilitator will share arc of a story and a question
- 3) Each person shares a story about what has shaped their relationship with nature
- 4) Each person is assigned an 'ear' who pays special attention.
- 5) Once each person has told their story, each person as an 'ear' re-tells another person's story.
- 6) Finally, reflect as a group on how it felt.

Storytelling

Fy mherthynas gyda'r amgylchedd naturiol:

- 1) Cymerwch rai munudau i fyfyrion dawel
- 2) Bydd yr hwylusydd yn rhannu plot stori a chwestiwn.
- 3) Bydd pob person yn rhannu stori am beth sydd wedi llunio eu perthynas â natur
- 4) Neilltuir 'clust' i bob person a fydd yn rhoi sylw arbennig iddo.
- 5) Unwaith y bydd pob person wedi adrodd ei stori, bydd pob person fel 'clust' yn ailadrodd stori person arall.
- 6) Yn olaf, myfyriwch fel grŵp ar sut deimlaid oedd hyn.

My relationship with the natural environment:

- 1) Take a few minutes to quietly reflect
- 2) Facilitator will share arc of a story and a question
- 3) Each person shares a story about what has shaped their relationship with nature
- 4) Each person is assigned an 'ear' who pays special attention.
- 5) Once each person has told their story, each person as an 'ear' re-tells another person's story.
- 6) Finally, reflect as a group on how it felt.

Cadw eich gwybodaeth yn ddiogel

Keeping your information secure

- Byddwn yn cymryd nodiadau, gan ddefnyddio teclyn bwrdd gwyn ar-lein ac ymarterion eraill i gofnodi'r hyn sydd wedi codi yn y sesiwn.
- Bydd hyn cael ei ddefnyddio mewn sesiynau yn y dyfodol ac i ysgrifennu ein hadroddiad i rannu'r broses a'r weledigaeth, ynghyd ag unrhyw allbynnau eraill, ond ni fydd yn defnyddio unrhyw enwau na gwybodaeth personol.
- We will take notes, use an online whiteboard tool and other exercises to record what has come up in the session
- This will be used in future sessions and to write our report sharing the process and vision, along with any other outputs, but will not use any names or identifying information.
- We'll store this data securely, accessible only by our research team.
And again - any research data we share will not identify you.
- Byddwn yn storio'r data hwn yn ddiogel, a dim ond ein tîm ymchwil fydd yn gallu cyrraedd ato. Ac, unwaith eto - ni fydd unrhyw ddata ymchwil y byddwn yn ei rannu yn eich datgelu chi fel unigolyn.

Pethau i'w cadw mewn cof

Things to keep in mind

- Nid oes disgwyl i unrhyw un fod yn arbenigwr.
- Mae llais pawb yn cyfri.
- Camu ymlaen a chamu yn ôl.
- Rydyn ni yma i wrando arnoch chi, ond byddwn ni'n ymyrryd i gadw llygad ar yr amser, i lynu at y pwnc, ac i sicrhau bod gwahanol bobl yn cael gwrandawiad.
- Nid oes angen consensws.
- Egwyl ar gyfer cinio ond mae croeso i chi wneud paned neu bicio i'r toiled.
- No one is expected to be an expert.
- Everyone's voice counts.
- Step forward and step back.
- We're here to hear you, but we will intervene to keep an eye on the time, to stay on topic, and to make sure different people get heard.
- No consensus is needed.
- Break for lunch but do feel free to make a cuppa or pop to the loo.

Gweithgaredd mewn grwpiau trafod

Warm-up in breakout rooms

**Mewn grwpiau trafod, byddwch yn defnyddio
Miro i wneud y gweithgaredd 'Bin, Bag, Pen, Calon'.**

Gan feddwl am y ddwy sesiwn ddiwethaf:

- **Bin:** beth fyddwch chi'n ei adael ar eich ôl?

- **Bag:** beth ydych chi am ei gymryd ymlaen?

- **Pen:** beth sydd wedi gwneud i chi feddwl?/beth sydd wedi bod ar eich meddwl fwyaf?

- **Calon:** beth ydych chi'n ei fwynhau/garu fwyaf am yr hyn rydyn ni wedi'i draffod?

In breakout rooms you will use Miro to do the 'Bin, Bag, Head, Heart' activity.

Thinking about the last 2 sessions:

- **Bin:** what will you leave behind?

- **Bag:** what do you want to take forward?

- **Head:** what has made you think?/what have you been thinking about the most?

- **Heart:** what do you enjoy/love most about what has been covered?

Yn eich grwpiau trafod, dychmygwch ein bod wedi cyrraedd fersiwn ddefrydol o 2050:

In your breakout groups, imagine we have reached an ideal version of 2050:

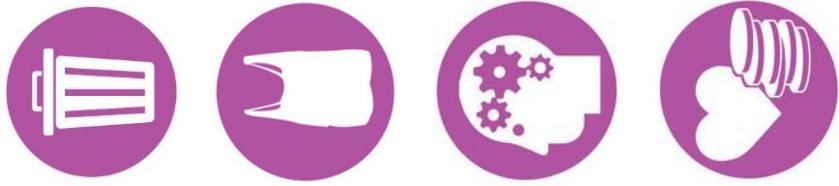

1. Beth ydyn ni wedi'i gyflawni?
2. Pwy sydd wedi elwa o'r hyn rydyn ni wedi'i wneud?
3. Beth sydd fwyaf pwysig i'n cymriadau yn y dyfodol? Sut ydyn ni'n mesur cynnydd a llwyddiant?
1. What have we achieved?
2. Who has benefited from what we've done?
3. What matters the most to our characters in the future? How are we measuring progress and success?
